

The Sunspots

Well we didn't get our March rally going so this news letter will be very short.

From the President's corner:

The vote on the modified standing rules passed with a 100% pass vote from all members so the next event will be a board planning meeting to plan the rallies for 2010. This is not a board meeting, just a planning meeting for rallies. All members are encouraged to attend this meeting. The meeting will take place in Meeting Room 2 at Lord of Life church for Tuesday April 14th, at 10:00am. The

room is located on the southwest corner of the complex (closest to R. H. Johnson Blvd and Basha's).

Bob Lussier is doing a bang-up job as membership chairman with processing three new members and getting new name badges for our guests. Let's keep Bob busy and keep those new members coming.

Paulette Duda is doing a great job as our Sunshine coordinator and has been quite busy with members needing some sunshine and birthday cards, Thanks Paulette keep up the great work and if anybody knows of someone who needs some sunshine please let Paulette know.

Well that's all I have for now, the last rallies before summer are in April and May and then we will take a break for a while. Mary and I will be headed to WA. at the end of April but with e-mail I should still be able to produce a

news letter for May and June. We may want to put together a list of members who are leaving for the summer and give locations so other members might be able to visit if they are in the area. Just an idea, let me know if that sounds like something you might be interested in having. See you in Tonopah.

Books on CD Library:

1. The Righteous Men by Sam Bourne. 5 CDs.
2. 5th Horseman by James Patterson. 7 CDs

CLASSIFIED ADDS:

WHERE AM I?

New feature, *Famous landmarks*. Prize will be to publish your name in the next Sunspots if you know what and where this landmark is. If you have a special landmark you think would stump your fellow travelers please send me the info and picture and I will include it in a future Sunspots WHERE AM I feature.
